

# Fresno Community Food

*The purpose of this Community Food Assessment is to identify key factors in food availability, accessibility and affordability and quality in Fresno County.*

## Objectives

- Assess city council districts and county supervisorial districts.
- Begin community survey in summer '03.
- Involve local residents, and community volunteers in the survey process.
- Empower community members to make food policy recommendations to local officials.
- Create an Action Plan from data collected during the assessment.

Sponsored by Fresno Metro Ministry with funding from the USDA Community Food Project: Fresno Fresh Access; And support from California Food Policy Advocates, California Dept. of Health CPNS Food Security Project; Kaiser Permanente and Mazon: a Jewish Response to Hunger

## Community Food Assessment Project

### in Fresno County

Fresno Metro Ministry has taken the initiative to start a Community Food Assessment in Fresno County, with technical and resource assistance from the Community Food Security Coalition. This is a collaborative effort with many Fresno Community-Based Organizations and individuals that are interested in increasing access to nutritious, affordable, and quality food for all people in Fresno County.
